Makeup Tip for the Holidays!

December is a great time to add a little bit of **oopmh** to your eye shadow. If you have some discoloration on your eyelids, using shadow magnet will smooth out any veins or redness.

Add a light shadow all over the eye lids, a medium shade of taupe or brown to your crease, and add a hint of a deeper color in the outer corner.

Our #1 shadow color at Visibility is a liquid called "Constellation." It is sheer, light, and has hyaluronic acid to help with fine lines and wrinkles. It doesn't crease and stays on all day long... simply beautiful on your lids!

Dressing Tip!

Wine is one of this year's popular seasonal colors in sweaters and tops.

This color can be worn with navy, black, dark brown, gray, olive, spruce, and forest green.

You might even see this color in a pair of pants, dress, or skirt. It is popular because it is so easy to pair with scarves, necklaces, bracelets, and other accessories.

We have all of this at Visibility! Come in and see how good it looks on you...

Special Olympics - DIP!

Once again Dave Costello is taking a big DIP into the Atlantic ocean at Old Orchard Beach to benefit the Special Olympics Annual Fund Raiser.

This is Dave's 12th year running into the ocean on January 1st. If you would support Dave Costello, click [here](#)

Style Tip!

Scarf tying can highlight any outfit for a new look. Try taking an infinity scarf and instead of putting it over your head in two layers, fold the scarf in half and put it around your neck and feed the end through the hole.

Another way to change it up is to take a long scarf and put it around your neck so one side is really short - about 1/4 and the other side is 3/4. Now wrap the long side around your neck so both sides are even. Feed one end then the other end through the front. This tames a very large scarf to stay in place. Get a little more dramatic and move the scarf toward one side so it is asymmetrical. Wearing necklaces is another way to decorate with a

scarf.

We would really like you to come in so we can help you discover the many ways to tie and accessorize your scarves!
